QUALITY AND RELIABILITY

Steel Builders Pty Ltd is a quality supplier of linear shower grates in a range of styles and materials to suit your project requirements.

All of our grates are made from the highest quality materials and our workmanship ensures your project has that perfect finish.

In each style of grate there are several grate patterns to choose from and in each patterns we have several grate sizes to suit differing project requirements.

Our outlets on the grates also come in varying sizes and locations along with custom options.

All of our linear grates are made from the highest quality stainless steel for easy cleaning and longevity.

Whatever your shower grate requirements, Steel Builders will have the grate to make your project pop!!

> CUSTOM LINEAR DRAINS

All of our linear drains can be customised to suit your needs, customisation is available as follows;

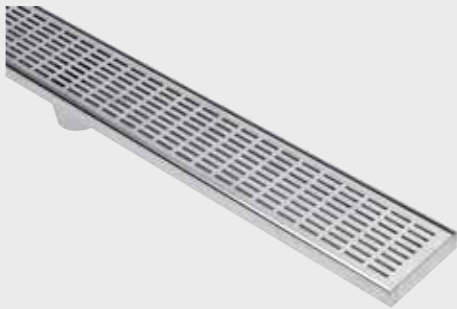

1. Customise length either joining or cutting down of custom sizes to any length (note not available for Option 4- Brick Pattern and Option 5 – Square Pattern)
2. Customise outlet size and location. You can choose any option that has a no outlet code and add your own outlet from the outlet list below and let us know where you would like it positioned on the drain.

All modifications for custom drains are done by qualified fabricators in our workshop here in Sydney.
