

> SMALL FLOOR WASTE PRODUCTS

QUALITY AND RELIABILITY

Steel Builders Pty Ltd is a quality supplier of small floor waste solutions in a range of styles and materials to suit your project requirements.

All of our floor waste products are made from the highest quality materials and our workmanship ensures your project has that perfect finish.

All of our products with the exception of the Bermuda range are made from 316 stainless steel so can be used internally or externally for your project. The Bermuda range are made from brass and chrome plated and are only suitable for internal applications.

Whatever your requirements, Steel Builders will have the product to make your next bathroom project special!
