

## ALUMINIUM & STAINLESS STEEL BOX GRATES EXTERNAL USE

Steel Builders Pty Ltd is a quality supplier of stainless steel, aluminium and galvanised steel box grates in a range of styles to suit your project requirements.

All of our grates are made from the highest quality materials and our workmanship ensures your project has that perfect finish.

Our box grates are suitable for multiple applications and provide a world of options for your drainage project.

**Whatever your drainage requirements our quality box grates will provide a stylish and durable solution.**

## Stainless Steel Box Grate

These box grates are made from 316 stainless steel suitable for outdoor use. They come in 2 patterns (heelguard and lines pattern) and several depths and widths. All the grates are open ended as they are modular. End caps, outlets and joiners are part of the system. For example for a 6 metre drain you would require 2 x 3m drain pieces, 1 joiner, 2 end caps and 1 or 2 outlets depending upon how many drainage points you have. The tables below show availability of drains and accessories.

### GRATES

**Stainless Box Grate - Our 140mm range is suitable for pedestrians, cars and light traffic.**

Available Sizes	140mm x 125mm Heelguard	110mm x 60mm Heelguard	85mm x 40mm Heelguard	85mm x 40mm Lines Pattern	85mm x 20mm Lines Pattern	85mm x 20mm Heelguard

## Stainless Steel Grate Only

If you just need a grate and no box, these stainless steel grates are the solution. Our grate only option comes in 1 pattern (heelguard) and in 2 sizes (width x length), 20mm deep.

- 78mm x 1000mm (75SHEEL)
- 100mm x 1000mm (100SHEEL)

### ➤ **Stainless Steel Slot Drain - Suitable for pedestrians**

This high quality 316 stainless steel slot drain is the solution if you want that non-intrusive finish on your veranda or patio. Our slot drain comes in 2 lengths and again is modular so you can make the drain as long as you like using our joiners, end pieces and clip on outlets. The slot drain lengths are;

- 1000mm (SLOT1)
- 2000mm (SLOT 2)

Accessories for joining and finishing the drain are;

- Outlet 50mm (SLOTOUT)
- Joiner (SLOTJOIN)
- End Cap (SLOTEND)

All slot drains are open-ended so end caps and outlets are required even if you are order a 1 metre length.

### ➤ **Stainless Steel Grate and Frame - Suitable for pedestrians**

This stainless steel grate and frame can be used both externally and internally in a wide variety of applications. The grate is foxed down with Allen key heads and is fully removable for cleaning out of pits and drains.

Our stainless steel grates and frames come in 3 sizes;

- 300mmx300mm (300SGF)
- 450mmx450mm (450SGF)
- 600mmx600mm (600SGF)

### ➤ **Stainless Steel Pave in Grate and Frame - Suitable for pedestrians**

Perfect for a solution to that pit drain in the middle of your entertaining area.

This stainless steel pave in grate and frame provides easy access for cleaning yet allows you to drop in your paver to the stainless frame for a seamless finish. Our pave in grate frames come in 3 sizes;

- 300mmx300mmx35mm (300SPI)
- 450mmx450mmx35mm (450SPI)
- 600mmx600mmx35mm (600SPI)

### ➤ **Aluminium Box Grates - Suitable for pedestrians**

As an alternative to our other box grate options we also have an anodised aluminium base and top for areas where you want that clean steel finish but are working to a budget.

This range comes in 2 styles and a range of lengths and widths.

Aluminium Range					
Length	85mm x 25mm Slotted	85mm x 25mm Tile Insert	85mm x 40mm Slotted	85mm x 40mm Tile Insert	115mm x 80mm Slotted
1000mm	A1025AT	A1025TI	A1040AT	A1040TI	A1080AT
2000mm	A2025AT	A2025TI	A2040AT	A2040TI	A2080AT

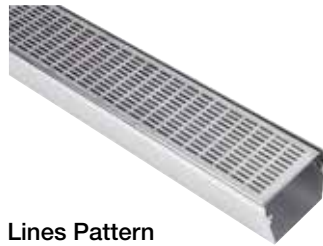

## > Aluminium/Stainless Box Grates

After that high quality stainless finish but on a budget, Steel Builders has a solution. Why not use an anodised aluminium base and a stainless steel top!!!! Our hybrid box grates are available in a range of designs and sizes and are modular. Using our joiners, end caps and outlets you can make up any length of drain you want and choose your outlet configuration on site (see aluminium accessories below).

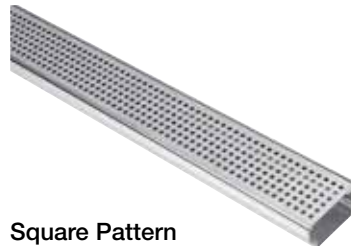

Hybrid Range - Suitable for pedestrians						
Length	115mm x 80mm Heelguard	115mm x 80mm Lines Pattern	85mm x 40mm Heelguard	85mm x 40mm Square Pattern	85mm x 25mm Heelguard	85mm x 25mm Square Pattern
1000mm	A1080H	A1080L	A1040H	A1040S	A1025H	A1025S
2000mm	A2080H	A2080L	A2040H	A2040S	A2025H	A2025S

## > Aluminium Accessories

These accessories are to be used in conjunction with our hybrid aluminium/stainless range and our aluminium range. All drains will require end caps and an outlet, if you are joining drains you will require a joiner for each drain.

Our aluminium accessory range includes;

Aluminum Accessories - Suitable for pedestrians			
	115mm x 80mm	85mm x 40mm	85mm x 25mm
Endcap	A80END	A40END	A25END
Outlet (50mm)	A80OUT	A40OUT	A25OUT
Joiner	A80JOIN	A40JOIN	A25JOIN
